

# Nova DermaMed

***Nova DermaMed Mobility Balm*** contains powerful anti-inflammatory and analgesic herbal extracts that bring fast, long-lasting pain relief to aching joints and sore muscles. Additional supportive nutrients promote the production of lubricating substances in joints as well as modulate the inflammatory and immune system responses, preventing further damage. Using innovative transdermal technology, the active ingredients in ***Nova DermaMed ArthriDerm*** quickly penetrate the skin to deliver their therapeutic healing properties directly to inflamed and painful tissues, within minutes. Because they enter the bloodstream at a steady rate via the skin, they avoid degradation from digestion and provide ongoing relief as they circulate. ***Nova DermaMed Mobility Balm*** provides relief for joint and muscle pain and inflammation due to osteoarthritis, rheumatoid arthritis, gout, ankylosing spondylitis, muscle and sports injuries, tendonitis, and pain associated with peripheral neuropathy.

## **INGREDIENTS:**

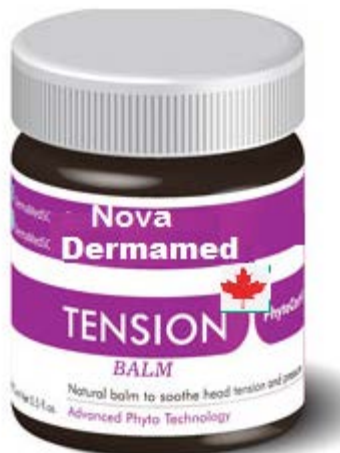

Water, Natural Wax, Glucosamine Sulphate, MSM (Methyl Sulfonyl Methane), Evening Primrose Oil, Borage Oil, Black Currant Oil, Extracts of Devil's Claw, Boswellia, Turmeric, Echinacea, Bilberry and Grape Seed, Peppermint Essential Oil, Olive Squalane, Cetyl Myristate, Grapefruit Seed Extract (Natural Preservative).

***Nova DermaMed Rosaderm Ointment*** is the result of years of research that has led to the development of this highly effective, all-natural topical treatment for acne rosacea. Pure botanical extracts and therapeutic ingredients are synergistically combined to reduce the facial redness, flushing and broken blood vessels common to rosacea. Limits the inflammatory process and decreases tissue swelling by strengthening the collagen network of the skin and blood vessels, and promotes healthy cellular regeneration which reduces scarring. Formulated in a unique transdermal delivery system that promotes optimal absorption of nutrients, ***Nova DermaMed Rosaderm Ointment*** quickly penetrates into the deeper layers of the dermis where its healing and regenerative action takes place.

#### **INGREDIENTS:**

Water, Aloe Vera Essential Oils of Helichrysum, Chamomile, Lavender, Rose Geranium and Rosewood, Tea Tree Oil, Carrot Seed Oil, Rose Hip Oil, Vitamins B, C and E, Grapefruit Seed Extract (Natural Preservative).

***Nova DermaMed Tension Balm*** is the result of years of research into the development of a highly effective, all-natural topical treatment for reducing migraine and its painful sequelae. Migracell Balm may be used prophylactically to limit migraine recurrence, as well as during a migraine episode to halt further progression.

The synergistic combination of therapeutic ingredients in ***Nova DermaMed Tension Balm*** target pain and inflammation of migraine in a number of ways:

regulates and decreases the inflammatory response of the cerebral neurovascular system;

- ❖ limits serotonin release from platelets, a key contributor to the inflammatory cascade;
- ❖ activates the brain opiate system to increase production of naturally-occurring, pain-relieving neurotransmitters and raise the pain threshold;
- ❖ inhibits the contractile response of vascular smooth muscle, relieving vasospasm and improving brain circulation which is diminished during a migraine episode.

*Migracell Balm may be used prophylactically to limit migraine recurrence, as well as during a migraine episode to halt further progression.*

#### **INGREDIENTS:**

Water, Beeswax, Shea Butter, Evening Primrose Oil with Gamma-Linolenic Acid (GLA), Essential Oils of Peppermint, Melissa, Blue Chamomile, Rosemary and Lavender, Extracts of Feverfew, Linden and Ginger, Olive Squalane, Magnesium, Taurine, Ascorbic Acid (Vitamin C), riboflavin (Vitamin B2), Grapefruit Seed Extract (Natural Preservative).

**Nova DermaMed Acne Prone Gel** contains pure extracts of naturally astringent and cooling herbs that soothe the skin surface and penetrate it with healing nutrients. Provides anti-bacterial activity against Propionibacterium acnes and other causative organisms of acne, and helps normalize sebum secretion to avoid follicular plugging, an aggravating factor of acne. Modulates the inflammatory response to reduce redness, swelling and scarring. Formulated in a unique, transdermal delivery system that provides optimal absorption of nutrients, **Nova DermaMed Acne Prone Gel** quickly penetrates into the deeper layers of the dermis where its healing and regenerative action takes place.

#### **INGREDIENTS:**

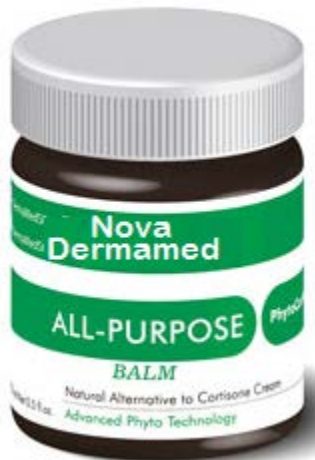

Water, Aloe Vera Gel, Viola Tricolour Extract, Tea Tree Essential Oil, Rose Hip Oil, Vitamins A and E, Grapefruit Seed Extract (Natural Preservative).

***Nova DermaMed Rescue Ointment*** is the result of years of research that has led to the development of this highly effective, all-natural topical treatment for psoriasis. Pure botanical extracts and natural therapeutic ingredients synergistically target the various inflammatory factors involved in the pathogenesis of psoriasis. Relieves even severe therapy-resistant psoriasis, without any side effects. Formulated in a unique transdermal delivery system that promotes optimal absorption of nutrients, *Nova DermaMed Rescue Ointment* quickly penetrates into the deeper layers of the dermis where its healing and regenerative action takes place.

**INGREDIENTS:**

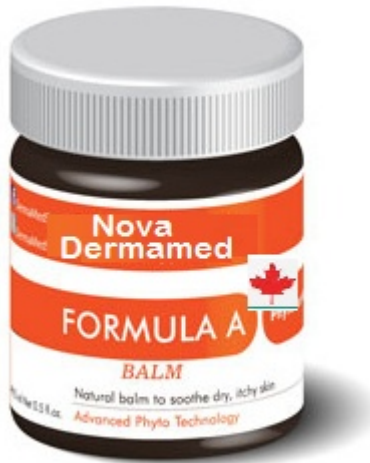

Water, Vegetable Glycerin, Borage Oil, Evening Primrose Oil, Aloe Vera Gel, Extracts of Fumaria, Roman Chamomile, Calendula, Rosa Canina and Echinacea, Olive Squalane, Tea Tree Oil, Cetyl Alcohol, Vitamins A, D and E, Grapefruit Seed Extract (Natural Preservative).

***DermaMed All Purpose Ointment*** is clinically proven to be as effective as topical cortisone creams for many dermatological conditions including eczema, dermatitis, rashes and hives. Soothing botanical extracts and natural therapy ingredients provide immediate relief for itching and help heal skin lesions noticeably, overnight. Formulated in a unique transdermal delivery system that promotes optimal absorption of nutrients into the deeper layers of the dermis where their healing and regenerative action takes place. Efficacy of *All Purpose Ointment* has been evaluated through pharmacological in vitro and in vivo experiments, along with successful clinical trials.

**INGREDIENTS:**

Water, Vegetable Glycerin, Borage Oil, Extracts of Calendula, Chamomile, Viola Tricolour, Rosa Canina and Echinacea, Tea Tree Oil, Cetyl Alcohol, Vitamins A Vitamin C, Bioflavonoids, Vitamin E, Grapefruit Seed Extract (Natural Preservative). *All herbs used are approved by Commission E Monographs.*

**Nova DermaMed Formula A Balm** contains clinically proven herbal extracts and natural therapeutic ingredients that provide effective treatment for fungal infections including 'Athlete's Foot,' 'Jock Itch,' and ringworm. Also effective for warts. Works quickly to relieve and soothe red, itchy and flaking skin caused by infection, dryness and exposure to chemical or physical irritants. **Nova DermaMed Formula A Balm** helps regenerate healthy tissue and strengthen skin integrity to prevent secondary and recurring infections.

**INGREDIENTS:**

Water, Vegetable Glycerin, Apricot Kernel Oil, Essential Oils of Tea Tree, Eucalyptus, Rosemary and Camphor, Extracts of Arnica, Mallow and Yarrow, Vitamins A, B and E, Grapefruit Seed Extract (Natural Preservative).

*All herbs used are approved by Commission E Monographs.*
